Mark Sheet Processing System using Zoho Creator (SaaS)

Aim

To develop a Mark Sheet Processing System using Zoho Creator to store student details, enter subject marks, calculate total marks, percentage, grade, and display the final mark sheet through a cloud-based Software as a Service (SaaS) application.

Algorithm

1. Start the application.
2. Create a student registration form.
3. Enter student details (Roll Number, Name, Department, etc.).
4. Enter marks for all subjects.
5. Calculate the Total Marks.
6. Calculate the Percentage using the formula:
 - Percentage = (Total Marks / Maximum Marks) × 100
7. Assign the Grade based on the percentage.
8. Save the student record in the Zoho Creator database.
9. Display the generated mark sheet with Total, Percentage, Grade, and Result (Pass/Fail).
10. Allow users to search and view student mark sheets. And End the process.

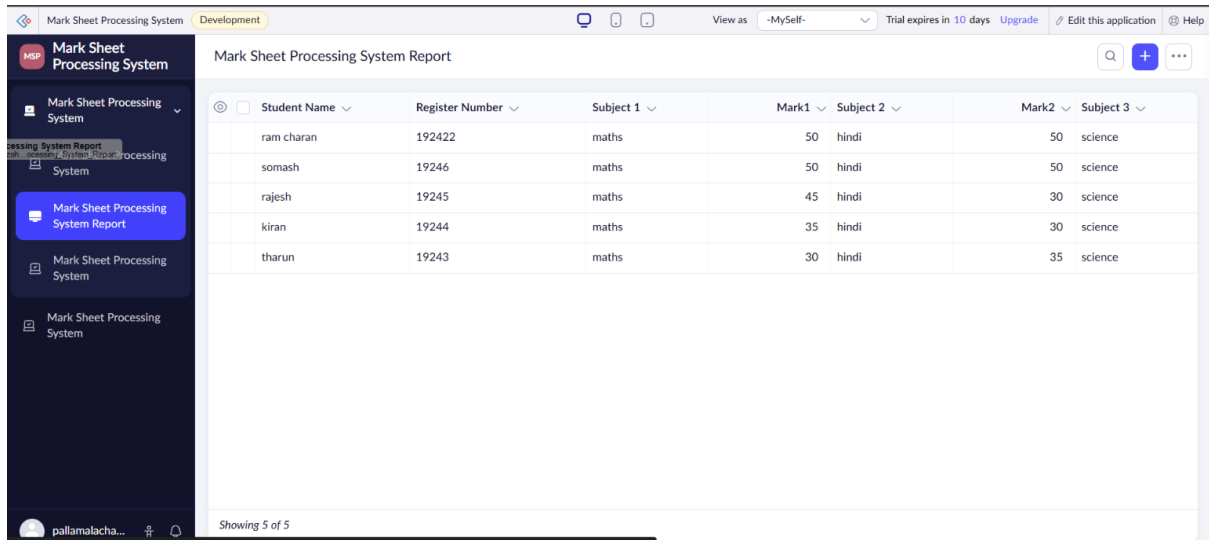

FORM:

The screenshot displays the 'Mark Sheet Processing System' form within the Zoho Creator interface. The form is titled 'Mark Sheet Processing System' and is currently in 'Development' mode. It features a sidebar with navigation options: 'Mark Sheet Processing System', 'Mark Sheet Processing System Report', and 'Mark Sheet Processing System'. The main form area contains the following fields:

- Student Name: A text input field.
- Register Number: A text input field.
- Subject 1: A text input field.
- Mark1: A text input field with a placeholder '#####'.
- Subject 2: A text input field.
- Mark2: A text input field with a placeholder '#####'.
- Subject 3: A text input field.
- Mark3: A text input field with a placeholder '#####'.
- Toata Marks: A text input field with a placeholder '#####'.
- Average: A text input field with a placeholder '#####'.
- Percentage: A text input field with a placeholder '#####'.

The form is displayed in a light blue theme with a dark blue sidebar. The Zoho Creator header shows the application name, development mode, and user information.

REPORT:

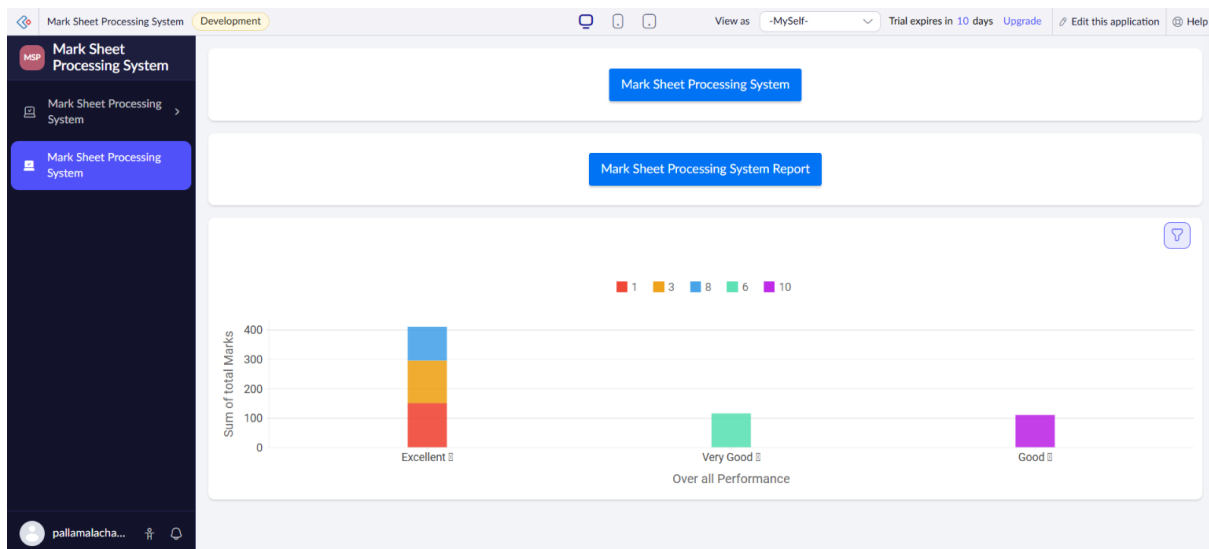

Mark Sheet Processing System Report

☐	Student Name	Register Number	Subject 1	Mark1	Subject 2	Mark2	Subject 3
☐	ram charan	192422	maths	50	hindi	50	science
☐	somash	19246	maths	50	hindi	50	science
☐	rajesh	19245	maths	45	hindi	30	science
☐	kiran	19244	maths	35	hindi	30	science
☐	tharun	19243	maths	30	hindi	35	science

DASHBOARD:

Result

The Mark Sheet Processing System was successfully developed using Zoho Creator (SaaS). The application efficiently stores student details, processes subject marks, automatically calculates the total, percentage, grade, and result, and generates a digital mark sheet. The system provides a simple, accurate, and user-friendly cloud-based solution for managing student academic records.
